IN THIS ISSUE: AS SEEN ON TV MONTH!

Back in the '50s, '60s, and '70s, comic books based on popular TV shows were all the rage. Covering every genre, TV Comics were everywhere. Today, we're smack-dab in the midst of a TV neo-Golden Age, with programs eating up people's time and DVR memories with their engrossing storylines and gripping characters. Today, many of the top TV shows — and even some popular shows of yesteryear — can be found — *in print!* — at your local comics shop, and our AS SEEN ON TV month hopes to bring them to your attention! NO DVR required! Look throughout this issue for the "**As Seen On TV**" icon for great new and relist TV-based comics, graphic novels and merchandise!

And be sure to turn to page 230 of this issue for a sampling of TV-inspired graphic novels and books, all available at (or via reorder) from your favorite local comics shop!

HALLOWEEN IS COMING...

Halloween was always one of my favorite holidays as a kid. I always looked forward to watching monster movies, going to local haunted houses and of course, getting my Halloween costume together and trick or treating around the neighborhood.

In my early years, my Halloween garb was of the basic Ben Cooper-style —a one-piece suit with a vac-u-formed plastic mask. As I got older, I wanted to "do it better", so I would do my costumes from scratch (with help from my folks). One year I was a phantom/ghost, dressed in white and draped in chains. Another year a "hobo" in shabby clothes with a five o'clock shadow, a big (fake) cigar and a potato sack for collecting treats.

I don't remember exactly when I gave up trick or treating, but it was probably around the time I hit Junior High... giving it one last hurrah at my friend's house across town, where we set up a haunted house scenario in his front yard, leading to the front door and the candy. It was a lot of work, and mostly goofy, but we had a good time scaring the kids and enjoying the evening before closing up shop and watching some horror movies afterward.

That was years ago, probably 1976 or '77, by my recollection. It seems like a lifetime ago and frankly it was. I ticked over to 56-years-old last month on September 25th, a birthdate I share with the likes of Mark Hammill, Michael Douglas, Catherine Zeta-Jones, and the late great Christopher Reeve. I still like Halloween, although its lost some of its appeal to me over the years. Heck, most holidays are "just another day" to me these days. What I do have though, are the memories. And they're good enough for me. You can never recreate things like they were, but you can certainly remember how they made you feel back in the day.

This month's ***PREVIEWS*** theme is **AS SEEN ON TV**, and let me tell you, I love comics based on TV shows! As a kid, some of my favorite comics were those published by Gold Key that brought the characters and settings of my favorite TV shows of the era to the comics... ***Land of the Giants, Voyage to the Bottom of the Sea, Banana Splits, The Invaders, Space Ghost, Jonny Quest, It's About Time, The Beverly Hillbillies, The Munsters***, and so many more! And when the '80s dawned, Marvel Comics was there to pick up the torch with short-lived series like ***Man from Atlantis, The A-Team***, and their two massive hits: ***G.I. Joe*** and ***Transformers***!

These days, there's no shortage of comic books based on TV series. And thanks to the wealth of shows vying for our attention each week, you can go from screen to comic book page within seconds of each other on series like ***Game of Thrones, Firefly, Buffy the Vampire Slayer, Star Trek, Penny Dreadful, Doctor Who, Rick and Morty, Bob's Burgers, Spongebob Squarepants, Sons of Anarchy, Teenage Mutant Ninja Turtles and***... well, the possibilities are endless!

And for **AS SEEN ON TV** month, we're not just talkin' comics and graphic novels! Our Merchandise sections on the flipside of this issue feature plenty of toys, collectibles, games and apparel based on TV shows. In fact, one of my top picks for the month are a quartet of S.H.Figuarts action figures from Japan, based on the latest ***Ultraman*** TV series from Tsuburaya Productions — ***Ultraman Rosso/Blu*** (Red & Blue)! They're not over here yet on our TV screens, but you can still enjoy the original Ultraman's latest family members in action figure form!

So, if you get anything accomplished this month (besides poring over this very issue), make some Halloween memories, watch some monster movies, and come back next month for the latest issue of ***PREVIEWS***, as always filled to the brim with the coolest stuff on Earth!

Your Pal @ ***PREVIEWS***,

Marty

AS SEEN ON

It's all work *and* lots of fun at the fictional Berke's Comic Shop in our new strip, ***Comic Shop Tales***! Come back each month for a new tale, and go online at ***PREVIEWS*****world.com** for more strips during the month!

Where The Magic Of Collectibles Comes Alive!

ComicLink Sets Records on CGC 9.8 *Incredible Hulk* #181, *New Mutants* #98

9.8
THE INCREDIBLE HULK
AND NOW THE WOLVERINE!

A copy of *Incredible Hulk* #181 (CGC 9.8) soared to $32,500 and *New Mutants* #98 (CGC 9.8) reached $1,265 in ComicLink's August Featured Auction. Both issues are popular with collectors, as *Incredible Hulk* #181 features the first full appearance of Wolverine, while *New Mutants* #98 contains the debut of fan-favorite character, Deadpool. Both set new records for the high-grade condition.

ComicLink previously sold a copy of *Incredible Hulk* #181 (CGC 9.8) for $30,000 in January in their Comic Exchange. Their sale of *New Mutants* #98 tops over 2,000 copies previously sold in the same grade.

1ST EDITION LIMITED PRINTING

Pokémon Booster Box Sells for $56,000

Huggins & Scott Auctions sold an unopened booster box from the 1999 Base Set of the *Pokémon* Trading Card Game for $56,000 in August. The box contained 36 packs of 11 cards each, providing ample chances to pull high-value cards such as Charizard, Blastoise, and Venusaur.

The high price that this box fetched should come as no surprise to those who follow early *Pokémon* card sales; a first edition Charizard holo graded BGS 10 previously sold for $55,650 on its own in a 2017 eBay auction. A previous first edition booster box sale reached $54,000 in a 2017 internet auction.

How to Market Star Wars: A Look at Charles Lippincott

The way that *Star Wars* was marketed and merchandized before and after the film's release had a profound impact on how future films would be promoted. Charles Lippincott, who served as advertising publicity supervisor on *Star Wars*, was the man behind the marketing.

Lippincott copyrighted *Star Wars* intellectual property to protect the movie's rights and publicized the film at sci-fi conventions in 1976. He facilitated a deal with Marvel to publish a comic adaptation before the film's release and one with Kenner to produce toys based on the series. Lippincott and his team also marketed posters, costumes, clothing, books, albums, and fast food giveaways, as well as licensing to TV shows.

Please tell us a bit about yourself!

My name is **Tini Howard**, I'm a comic writer who likes to focus on horror, comedy, and tangled relationships. I take most of my inspiration turning interesting non-fiction into fiction, and when I'm not writing I like to grow weird plants and watch documentaries.

What are your favorite projects you've contributed to over the past decade?

Euthanauts (Issue #1 / MAY180733) and *Assassinistas* (MAY180729), my two creator-owned Black Crown books, are a really special thing to me. Working with Shelly Bond is a dream come true. I'm also the first woman credited as writer on a *Captain America* book, which is pretty exciting. I also write *Rick and Morty* comics, and that's a crazy ride!

What are you currently working on?

I'm currently scripting *Euthanauts* for Black Mask, and I'm also doing some more work for Marvel...

What fun titles are you reading?

Currently I'm loving Christopher Sebela's work, as always — *House Amok* (*Vol. 1* / JUL188592) from Black Crown and *Crowded* from Image are both killer books. I just finished *My Favorite Thing is Monsters* (DEC161677) and Katie Skelly's *My Pretty Vampire* (SEP181790), so I'm digging a lot of Fantagraphics stuff right now, too!

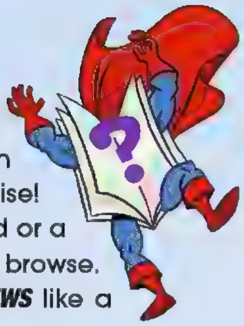
USER'S GUIDE



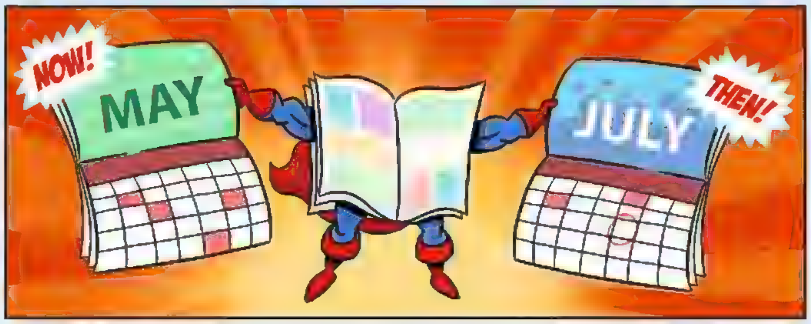
There's *a lot* of awesome comics and products to look through in ***PREVIEWS***. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use ***PREVIEWS*** like a pro to order the awesome titles and products you want!

Learn How to Use *PREVIEWS* to Order From Your Comic Shop!

WHAT'S@ COMIC SHOPS

WHAT EXACTLY IS *PREVIEWS*?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log*!) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—***PREVIEWS*** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.



NOW!
MAY
JULY
THEN!

The most important aspect of ***PREVIEWS*** to remember is that **items solicited in the catalog are anticipated to ship 2-3 months later** (or more). For example, if you found a comic you wanted in the May issue of ***PREVIEWS***, you can expect to see it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

HOW DO I ORDER FROM *PREVIEWS*?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of ***PREVIEWS*** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

October 2018 | Edited By: **Allyn Gibson** | editor@PREVIEWSworld.com

YOU ARE CORDIALLY INVITED TO MARVEL'S SOCIAL EVENT OF THE SEASON

This December the Marvel Universe celebrates the long awaited nuptials of Ben Grimm and Alicia Masters in Dan Slott, Aaron Kuder, Adam Hughes, and Mike Allred's *Fantastic Four* #5 — and you're invited!

Alicia Masters, a blind sculptor who befriended the Fantastic Four in the earliest days of the Marvel Universe, has long been a part of The Thing's life, drawn to the man, Ben Grimm, inside the rocky exterior of The Thing. At the conclusion of Dan Slott and Sara Pichelli's *Fantastic Four* #1, published in August, Ben Grimm proposed to Alicia, and in December Ben and Alicia tie the knot in a ceremony you won't want to miss!

Dan Slott invites you to join the festivities with three tales — the wedding itself, a tale of Ben and Alicia from early in their relationship, and the wild bachelor party that only Johnny Storm could organize. Joined by artists Aaron Kuder, Adam Hughes, and Mike Allred, the wedding of The Thing and Alicia Masters will be a milestone event in the Marvel Universe's history!

Be sure to RSVP your attendance at the social event of the season in Marvel Comics' *Fantastic Four* #5, coming your way this December!

SIX ADULTS FACE THE EVIL THAT NEARLY DESTROYED THEM 30 YEARS BEFORE

In 1991, six teenaged friends sat down to play a role-playing game. They disappeared that night, only to resurface two years later, unable — or unwilling — to explain where they had been. Now, what they faced then has resurfaced, and these shattered adults must come together and face it in our world in Kieron Gillen and Stephanie Hans' new Image Comics' series, *Die!*

Sucked into the world of the role-playing game then, the six teenagers faced an unspeakable horror and barely escaped with their lives. A cross between *Jumanji* — teenagers sucked into the world of a game — and *It* — adults face the horror they saw as children — *Die* is a character-driven supernatural series as one would expect from Gillen, and matched with Hans' artwork the result is powerful and evocative. The first issue also ships with a cover from Gillen's frequent artistic collaborator, Jamie McKelvie.

Roll the die and enter the world of Gillen and Hans' *Die* this December!

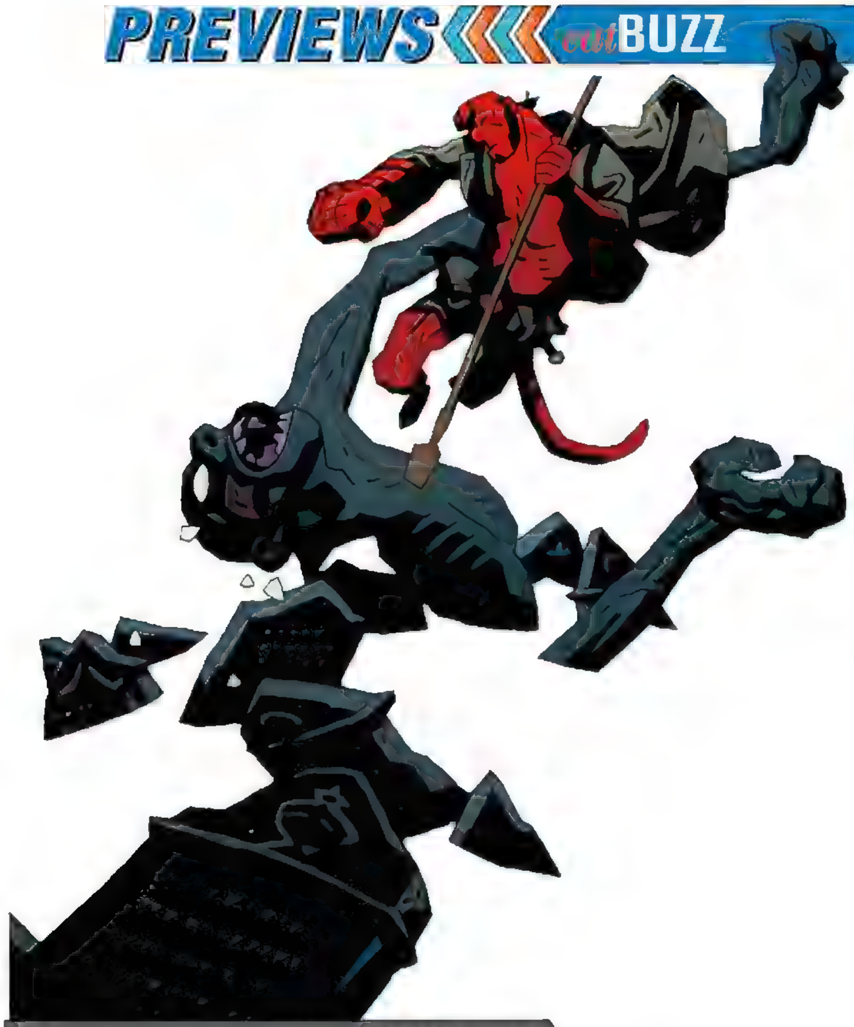
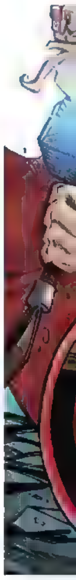
Square-Enix's *Dragon Quest* series is one of the most popular Japanese RPG video game series in the world, and this December VIZ Media explores the artistry behind the series in *Dragon Quest Illustrations*. Spanning the 30-year history of the games, this hardcover artbook features the artwork of Akira Toriyama, some of it published for the first time, as well as a poster of the games' timeline, making this the perfect addition to any video game fan's library!





RING IN THE NEW YEAR, HELLBOY STYLE

The Christmas season is a time for ghost stories — see Charles Dickens' A Christmas Carol for the prime example — and Hellboy, the World's Greatest Paranormal Detective, has demons of his own to face in December's *Hellboy Winter Special 2018* from Dark Horse Comics!

Led by a Mike Mignola and Ben Steinbeck story of a New Year's seance gone wrong, the Hellboy Winter Special also features a Fabio Moon and Gabriel Ba *B.P.R.D.: Vampire* story and a Tonci Zonjic *Lobster Johnson* story.

It won't only be the cold making you shiver this December, not with the *Hellboy Winter Special* arriving in your local comic shop!

A WOMAN'S EXPERIENCE WITH INFERTILITY INFORMS BOOM!'S POWERFUL NEW GRAPHIC NOVEL

Infertility is a private and personal tragedy. Many couples wanting children struggle to conceive. Ingrid Chabbert and her husband had their own difficulties conceiving a child, and she uses her experience to tell a powerful tale in the BOOM! Studios' graphic novel, *Waves*.

Chabbert introduces readers to a couple who desperately want a child and, unable to conceive and carry a child to term, deal with issues such as guilt, embarrassment, inadequacy, and blame that both bind them and tear them apart. The gentle artwork by Carole Maurel takes readers into a family's private sorrow. Powerful and moving, *Waves* illuminates the emotionally devastating struggle that affects many families today.

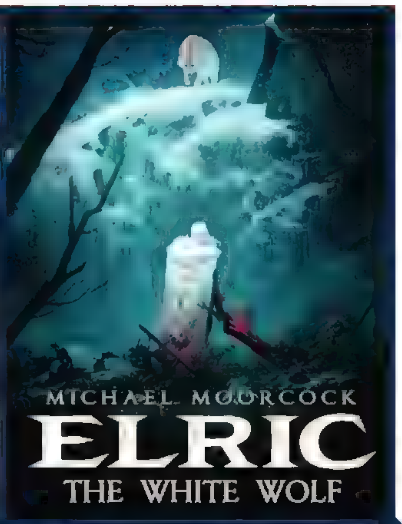
A LEGENDARY CHARACTER FROM A LEGENDARY CREATOR: ELRIC RETURNS!

Elric Vol. 3: The White Wolf

unveils the penultimate chapter in the acclaimed French adaptation of fantasy's great anti-hero, while his two previous adventures ***The Ruby Throne*** and ***Stormbringer*** are set to receive gorgeously oversized **Deluxe Editions**!

We sat down with legendary writer **Michael Moorcock** to find out what he thinks of his creation's comic book adventures, and why readers still flock to tales of the Albino Emperor...



© Michael Moorcock and Multiverse Inc.

MICHAEL MOORCOCK

Elric made his debut more than 50 years ago, and yet he's still attracting new readers today. Do you feel he's timeless, or that he's meant different things to readers across the years?

MM I think he's always appealed to a particular reader. Maybe someone who isn't satisfied by the standard kind of heroic fantasy...

I tried to capture the spirit of our original myths, and that could be the reason for his longevity. Rather than write in the style and spirit of some of the writers who immediately preceded me, I went back to mainly Scandinavian myths, and to 18th and 19th century Gothic novels, and sometimes even to penny dreadfuls, of which I have a fairly large collection. The Pre-Raphaelites and Symbolist painters were another inspiration.

"BLONDEL'S SCRIPTING IS EXCELLENT, AND THE ARTWORK IS OUTSTANDING. IT BLEW MY MIND."

You've previously called this French adaptation your favorite version of Elric; why is that? What particularly struck you?

MM Blondel's scripting is excellent, and the artwork by Robin Recht and Didier Poli is outstanding. That first book blew my mind. The variations of plot introduced by Blondel were what I might have done if I'd been writing the story today – they mostly involved the stronger motivation given to the major characters.

How does it feel to read these oversized deluxe editions of *The Ruby Throne* and *Stormbringer*?

MM They're wonderful. About as close to the original artwork as you can get!

Elric first appeared in comics in the 1970s. What were your first thoughts about the new medium?

MM I always worked with artists from the very beginning, when Jim Cawthorn and I discussed the stories as I wrote them. The first comic was by Phillipe Druillet, in France, in the 60s. A very different version, since he didn't know English! There were several small press comics in the late 60s and early 70s, one in particular by Robert Gould. I loved those Russell comics, which were as idiosyncratic in their way as Druillet.

I'm very happy that my work inspires so many talented artists. Some inspire me in turn, especially when they capture the plurality of Elric's character; while some work has been outstanding it has made Elric too much of a muscle man. This is someone tormented by inner struggles, unsure which path to follow. In comics, Russell and Recht got that sense best.

Titan have been collecting Elric and other adaptations under the *Michael Moorcock Library* banner. How does it feel, to look back at the breadth of material based on your work?

MM It's wonderful to see them all lined up together. It gives me good sense of everything I've done, and has actually inspired me to write new Elric stories! I'm doing one as we speak!

"DON'T EXPECT *CONAN* OR *LORD OF THE RINGS*. ELRIC IS DARKER, MORE THOUGHTFUL. STRANGER, AND MORE COMPLEX. LONELIER, TOO, IN MANY WAYS."

What would you say to readers who are coming to your work now, or discovering it afresh?

MM Don't expect *Conan* or *Lord of the Rings*. Elric is darker, more thoughtful. He is forever questioning his world and its institutions, religions and authorities, but from the position of someone who has studied these things and is a great Magus in his own right. His relation with his soul-drinking sword makes him an altogether stranger and more complex character. A lonelier character, too, in many ways. He is based on the young man I was myself.

wow . . . I have never been so amazed in my life. the mothers of agony seem like dirtball hoodlum scum, so I was very skeptical when a friend recommended them for psychic advice. their place of business leaves a lot to be desired, in a terrible neighborhood, but its the results that matter and man did they deliver! their psychic seems like he's done a lot of drugs, but as soon as we sat down in their private frankly kind of frightning room, it was like my dead father was right there beside me again! he knew things only my father could know, including the dirt I needed on my sister to lock her out of the trust. if I could give the mothers of agony a 10 star review I would.

LOWLIFES

writer **Brian Buccellato**

artist/cover **Alexis Sentenac**

Human lives are supposed to be priceless. Theirs are worthless. Los Angeles is not all sunshine, surfing, and red carpets. Behind the facade, the City of Angels is an illicit, morally ambiguous world of fading dreams. **Grand** is a revenge-seeking cop clinging to the good man he was. **Leonard** is an addict who wants his family back. **Rip** is a haunted thug embroiled in underground fighting. And **Wendall** is the criminal corruptor pulling all of their strings. In the seedy L.A. underworld, lives intersect like freeway overpasses. When Wendall's poker game is robbed, three lowlifes attempt to stay one step ahead of each other, because redemption or destruction is their only ticket out.

THE AMAZING SPIDER-MAN: THE ULTIMATE NEWSPAPER COMICS COLLECTION, VOL. 5

writer **Stan Lee**
artist **Dan Barry, Floro Dery**
cover **Floro Dery**

The woebegone web-slinger encounters problems that make Dar Harat seem like a sewing circle—if he can escape from their clutches, that is! Daily Bugle writer Jenny Sue Saxton arrives and falls for Peter Parker while trying to become Spider-Man's biographer, even as Aunt May faces financial ruin in a very modern kind of bank heist. Mary Jane returns just in time to learn an important secret—and to introduce Peter to her uncle Spencer Watson. Spidey's reputation is under fire when he's accused of pushing drugs. And in a story that rivals the classic "drug issues" of Spider-Man's comic book, **Stan Lee** addresses one of the most heart-rending problems of modern times: child abuse.

BELZEBUBS

writer/artist/cover **JP Ahonen**

Belzebubs is a "trve kvlt mockumentary" focusing on the everyday challenges of family life: raising kids, running a small business, and making time for worship. Except the kids are named Lilith and Leviathan, the business is a black-metal band, and the worship… isn't exactly aimed upstairs.

In a few short years, what started out as improvised social-media doodles has now become a wildly successful webcomic with hundreds of thousands of fans. The irresistible cartooning of **JP Ahonen** *(Sing No Evil)* combines relatable slice-of-life humor with over-the-top occult antics and references from metal music to Lovecraftian horror, making *Belzebubs* a devil of a good time.

LEAGUE OF EXTRAORDINARY GENTLEMEN, VOL. IV: THE TEMPEST #4

writer **Alan Moore**

artist/cover **Kevin O'Neill** (A/RI)

Legendary swords clash atop the Paris Opera in 1913, while almost a century later a declining London witnesses assassination attempts, summit meetings in Haggerston Park, and the catastrophic return of a 1960s super-adventurer. Elsewhere, in the four-dimensional territories adjacent to the North Pole, a lost Shakespeare play sees its first and last performance, while Queen Gloriana's conjurer finally reveals the nature of his 500-year-old game. Topping off an already heady mixture, this issue's classic Seven Stars reprint depicts our halcyon heroes as "Captives of the Creepyverse," another reason not to miss the unfolding of Moore and O'Neill's fulgurant finale in issue four of *The League of Extraordinary Gentlemen, Volume IV: The Tempest.*

It's the big question of 2018: How could Vampirella and the Reanimator not have met before now?!!?! Herbert West--the Reanimator--has long sought the secret to perfecting his Reagent and breaking death's hold on mankind once and for all. The key to his success lies in only one place--the forbidden tomb of the Aztec god of death! But disturbing sleeping gods is as troubling (to put it mildly) as raising the uncontrollable, murderous dead... especially when this deity is an ancient enemy of Vampirella of Drakulon! It's vampire versus mad scientist in a battle that threatens to tear the gates of the underworld asunder!

CULLEN BUNN TALKS *VAMPIRELLA VS. REANIMATOR #1*

What led you to consider combining these two characters?

BLACKY - I just thought it was a great fit. I was attending a horror convention and talking with people and the idea just popped into my head. Within an hour or so I had a rough idea of the story in my head. At first I thought they were such a natural fit that Dynamite must have already crossed the two characters over.

CULLEN – The idea for throwing these two characters together was all Blacky. He called me up and asked if I'd have any interest in writing a story where these two faced off. Like him, I thought it must have already been done. It's such an obvious crossover! But, since it hadn't, we worked up a pitch and sent it in!

What about the meeting of them interests or excites you?

BLACKY - Vampirella is basically a god with superhuman abilities and Herbert West is just a man with a re-agent serum, but his intellect and drive puts him in a class that can stand toe to toe with this warrior of Drakulon. I love the idea of Herbert West as a kind of ringleader of ghouls and monsters that Vampirella has to fight her way through.

CULLEN – Here's something I think about a lot when it comes to these two characters. When I was a kid reading Vampirella magazines at the drug store… and later when I rented Reanimator on VHS for the first time… I felt like I was doing something I shouldn't be. There's something… subversive about both characters, and I want to play that up. I want to lean into that feeling with this book.

Vampires are obviously new territory for the Reanimator. How does he react to finding out they're real?

BLACKY - I assume he would see them clinically, dispassionately. He would assess them, learn about what their weaknesses and strengths are, and then learn how to exploit or destroy them. I don't think Herbert West has a lot of fear left in him so it's really more about how he can understand and control Vampires.

CULLEN – West might see vampires as further proof that death can be conquered. Obviously, he needs to study them more! Dissection might be in order!

While being undead is not a new phenomenon for Vampirella, we'd imagine undead-through-science is, right? Is that something that surprises her, or has she seen it all at this point, more or less?

BLACKY - My thinking is that Vampirella has seen it all, and is a little past being surprised... that is until she meets Herbert West. Whereas I think Vampirella has encountered scientific means to re-animate the dead before she has probably never met anyone as single minded in their pursuit of reanimation as Herbert West. Plus, Herbert's zombies seem to be a little more aggressive than your average revenant.

CULLEN – It's all about drive and intent. The strength of West's conviction is really what's startling. And that conviction is going to drive West into the waiting arms of a very powerful ally. At the same time, Vampirella may be turning to an ally of her own… one that I think readers will find startling.

TIM SEELEY TALKS *HACK/SLASH VS. CHAOS #1*

Good to have you back with Hack/Slash, Tim! What's new?

Well, we've been doing the Hack/Slash Resurrection series at Image with Tini Howard and Celor, and that series sets up a new status quo much like the original series, bringing us back to basics so to speak. So, it's actually a "the more things change the more they stay the same" kind of thing.

In 2014, you wrote a great Chaos mini-series for Dynamite - What's your first memory of Chaos?

I bought the very first Evil Ernie series off the shelf when I was a teenager. It was black and white and gritty looking...it felt like something I wasn't supposed to show anyone else. Perfectly scary and creepy. Which I loved. I still think of Chaos! in those terms. These are the comics that you hide under your bed. They're just for you.

Your last big crossover was Hack/Slash vs. Army of Darkness, how are you approaching another?

I'm doing this story because I had an idea of how to grow the story and the characters, which is just like I approached the Ash meet-up. The story before gimmick.

Can you recommend your favorite holiday horror movie?

I really liked Rare Exports. It's a Finnish movie about the secret origins of Santa, that's equally scary and hilarious.

Anything else you'd like to add about Hack/Slash vs. Chaos?

This is a story that definitely impacts Cassie and Vlad. It's the next step in their evolution. It's not a throwaway tale at all. Also, lots of sexy, scantily-clad monster people fill the pages.

When Miss Fury parachutes behind enemy lines with double-agent Erica Von Kampf, she soon realizes that she must now trust her life, and the lives of those she's been sent to rescue, to her greatest enemies as she's captured by the Nazis. Multi-Eisner nominee Billy Tucci (Shi, Sgt. AS SEEN ON TV! MONTH

Comic books and TV shows have had a long and colorful history, dating back to the mid-20th century and publishers like Dell and Gold Key, who ushered in a new era of comics: the TV Comic! Reading like a Who's Who of Nick at Nite or ME TV programming, Dell and Gold Key brought the day's most popular TV shows (many filmed, or viewed by their audiences, in black-and-white) to the four-color page.

Today is no different, as favorites like Rick and Morty, Penny Dreadful, Doctor Who, and many more have their own comic books series that add to and expand their stories in comic book format. Our them for this issue is AS SEEN ON TV, and you'll find comic books, books, magazines, toys and merchandise based on TV shows old and new alike throughout these pages... just look for the familiar "As Seen On TV" icon!

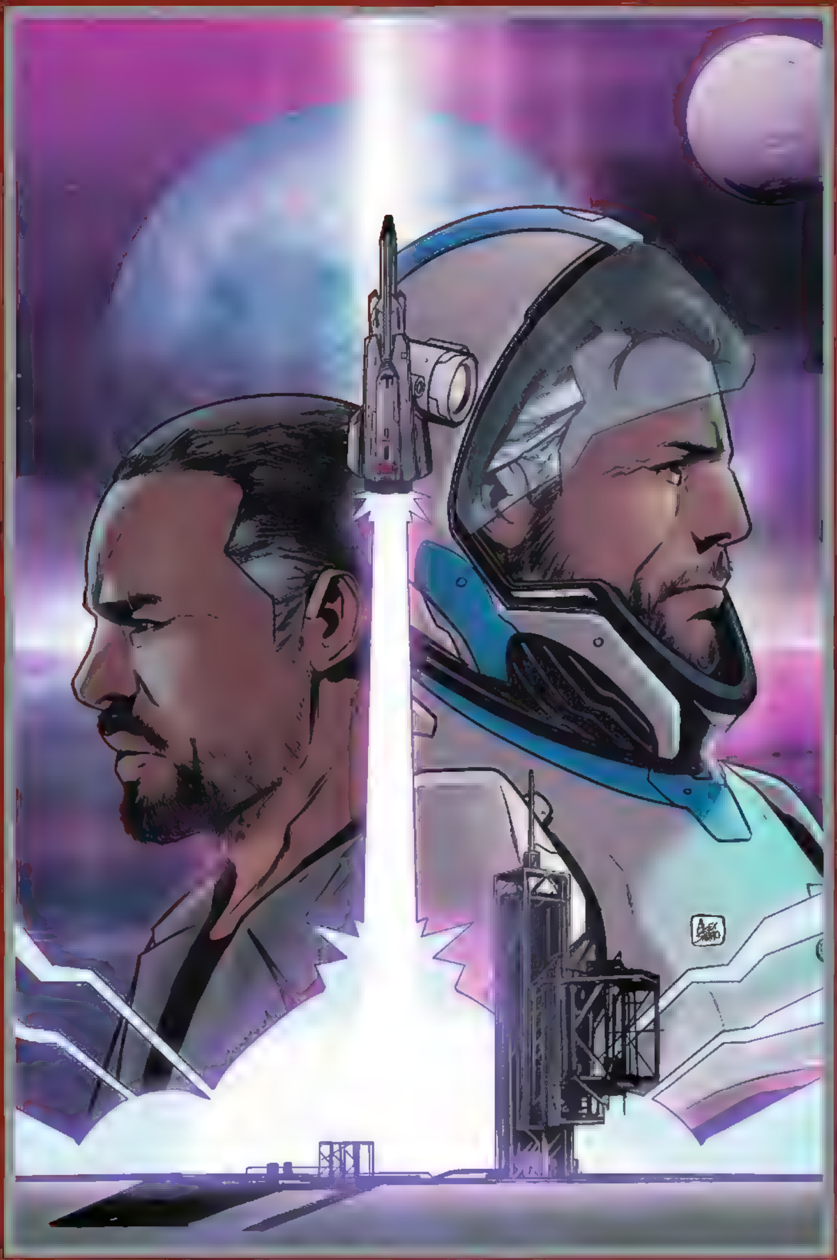
THE LAST SPACE RACE #3

PETER CALLOWAY / ALEX SHIBAO



It started as an anomaly—an outlier in the noise that's so common in astronomical data. But the truth sends the United States—and the world—careening into what will become humanity's LAST SPACE RACE.

You can't fly beyond the orbit of Saturn without a ship...and you can't fly a ship without a crew. For Sasha and Roger, the choices they make—or don't make—will have long-term, life-and-death consequences. Which are made all the worse when a tightly held secret gets exposed, throwing the whole globe into chaos.

Written by Peter Calloway (TV's *Legion*, *Cloak & Dagger*, *Under the Dome*) and drawn by Alex Shibao (*Independence Day*), THE LAST SPACE RACE is an imaginative investigation into wonder, hope and humankind's grandest purpose—a truly original story AfterShock couldn't be more fired up to tell.

Delphi must decide how far she's willing to go, and what she's willing to sacrifice, to stop him.

DOCTOR WHO: HOW TO BE A TIME LORD OFFICIAL GUIDE HC

The definitive guide on how to be a Time Lord, written by the eleventh Doctor as a secret gift for the twelfth. This ancient Time Lord manual has been kicking around the TARDIS for over 1200 years, giving the Doctor plenty of time to "improve" it with scribbles, doodles and post-it notes as a gift for his successor, the twelfth Doctor. He's even ripped out the middle of the book and replaced it with a scrapbook packed with everything important to our hero, and how to be just like him! So if you have ever wondered if you'd cut it in the Time Lord Academy, how to fly the TARDIS, or the correct way to dip a fish finger into custard, this is the book for you! THE NIGHT (LA NUIT) HC

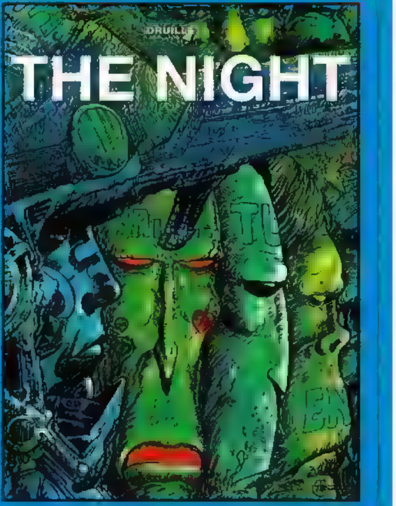
Recommended by Leigh Tyberg



I admit it.

I had never read Druillet before.

Don't throw things at me. I'm a 90's kid who grew up on *Hellblazer* and *X-Men*! Nobody ever handed me *Lone Sloane*. The first time I'd ever heard of Druillet was in the pages of Warren Ellis' *Do Anything*. This is definitely new territory for me.

I was excited when Titan announced that they were going to do a re-release of *La Nuit*. It seemed like a good starting point, a stand-alone book that I could chew on and think about.

Boy, can I pick 'em. Talk about jumping off the high dive and into the deep end.

La Nuit is, on the surface, an apocalyptic tale of biker gangs fighting to survive in a world that no longer belongs to them. Their ways are outdated and outlawed, and they struggle to hold their place while "kopts" and "whitefaces" take over the surface world above them. Traditionally enemies, the gangs band together in an attempt at preservation and go on a journey to The Blue Depot to obtain more drugs.

The dialogue is stilted, angry (aside from a rousing rendition of "Brown Sugar" by the Rolling Stones), and endlessly, affectingly repetitive. Every panel, every splash page is at war for your attention; every page wants to be your favorite page.

From go, reading *La Nuit* does feel like you're just not taking enough drugs to truly appreciate it, but Druillet wrote this in response to his wife's passing, and it shows. It is chaotic, to be sure, and weird is putting it lightly, but underneath that, at the heart of it all, this book is about being afraid.

"'Til now, I've spit on death's jackboots... and now I am afraid..."

Aren't we all.

If you've ever grieved a loved one's passing, this book will resonate with you. The struggle to really accept that the universe makes no sense, and that everything has its time and everything dies bleeds through as you keep reading. It feels like there's a vibrant, rage-filled beating heart beneath each page. As the bikers keep spiraling toward what is surely their demise, that heartbeat seems to get faster, and more urgent and more fearful.

La Nuit is a beautifully rendered reminder that everything ends, and time comes for us all.

"Black Mask is drop-kicking fascism: They ran a voter registration drive on the San Diego Comic Con convention floor and debuted a one-off issue, 'CALEXIT: All Systems San Diego,' about a young woman fighting DHS internment camps through pirate radio." –ROLLING STONE

Teenage skaterat Emmie runs a punk record shop in an abandoned strip mall during the CALEXIT military occupation. When Homeland Security turns the strip mall into a detention center, Emmie realizes she must fight the power.

Originally published as a limited edition one-shot at Comic Con to raise money for immigrant families separated at the border, readers demanded more of Emmie's story. This new edition of #1 launches Emmie into her own mini-series.

"It takes place in the same universe as the other CALEXIT comics (there's even a specific reference to the young rebel Zora) but features all-new characters.
When Emmie's makeshift record store gets seized by government agents who need more facilities to hold detained immigrants (not too different from real-life immigrants being detained at former Walmart stores), she pivots to pirate radio, broadcasting newly outlawed music instead of government-mandated right-wing talk radio. In doing so, she befriends a Homeland Security trooper with good taste in music — but wonders if she can convince him to actually rebel against his fascist government masters."

TIMELY CONFIDENTIAL: WHEN THE GOLDEN AGE OF COMICS WAS YOUNG HC

One day in 1942, a kid who liked to draw responded to an advertisement in the New York Times. He carried his portfolio to a young, upstart publishing company, landing a job on the spot. That company would become Marvel Comics. Allen Bellman participated in the early years of popular characters like Captain America, the Human Torch, and the Sub-Mariner. One day he left the comics field and never looked back. Five decades later, an intrepid "Golden Age" comic book collector located him. Allen received a hero's welcome from comic book historians, and now appears at conventions nationwide, proclaiming "I was there!" Herewith, his circuitous journey back to comics. GUERILLAS OMNIBUS EDITION

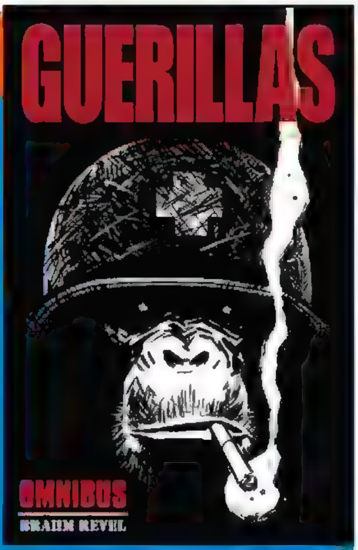
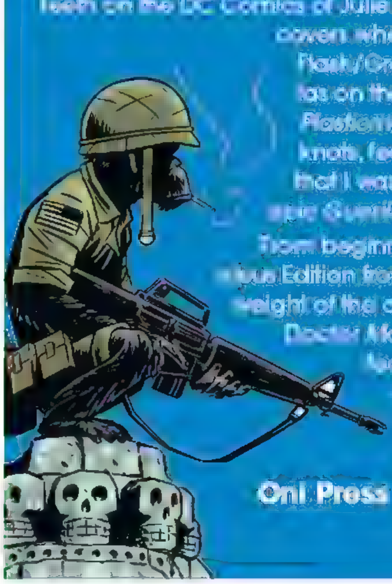
Recommended by Jim Fallone



It is no secret to my staff that my comic book guilty pleasure is intelligent gorillas. I cut my teeth on the DC Comics of Julie Schwartz where ape-with-brains covers alternated with covers where either Robin or Flash were dead. Whether it was the latest Flash/Grodd matchup or Hawkman fighting hordes of flying gorillas on the cover I rushed to buy them (I am still bitter about buying *Plastic Man No. 7* which, despite featuring a hairy ape tying Plas into knots, featured not a single gorilla story inside.) So, it is no surprise that I was attracted to Brahm Revel's Jane Goodall meets *Platoon* epic *Guerillas*.

From beginning to end this was a fantastic series but with this new Omnibus Edition from Oni you can read it in a single sitting and really let the full weight of the allusions to Conrad's *Heart of Darkness*, and Wells' *Island of Doctor Moreau* wash over you. Revel's bold kinetic black & white lines and crisp writing match perfectly the stories frenetic pace and give the books ever smoking chimps a surprising range of emotions.



Guerillas answers once and for all, "What if, instead of writing *Animal Farm*, George Orwell made the world's greatest Zippo Lighter commercial?"

JAZZ LEGEND

Recommended by Megan Cassman

Meet Martin Comily, the womanizing star trumpet player at The War Room who lives for two things, playing jazz and hard living. Motocity's top jazz talent is continually being pursued by reclusive writer Benjamin Way who cryptically warns Martin of a darkness that surrounds him. Unable to shake the feeling the Benjamin might be right, and that there is an ominous darkness that surrounds him, Martin picks up a peculiar new blue drug to try. This drug sends Martin into an immersive psychedelic dreamscape with visions of animalistic abominations and god-like humanoids. Was it all a bad trip, or did Martin's visions simply show him his other life?

JC Lacek's writing style seamlessly ties neo noir with cosmic fantasy. Inspired by the lives and works of jazz great Miles Davis, and the father of beat literature, Mr. William S Burroughs. The story is fast-paced and sucks the reader in. The reader wants to understand what is happening between Martin and Benjamin and why is it happening as much as they want to as well. Durate and Dubourg's art takes Lacek's script to another level. They have given distinct personalities to the seedy dark side of Motocity and the trippy dreamscape in Martin's mind. This book is full of surprises for the reader both with the writing and the art.

Jazz Legend is a psychedelic ride you'll want to get on.

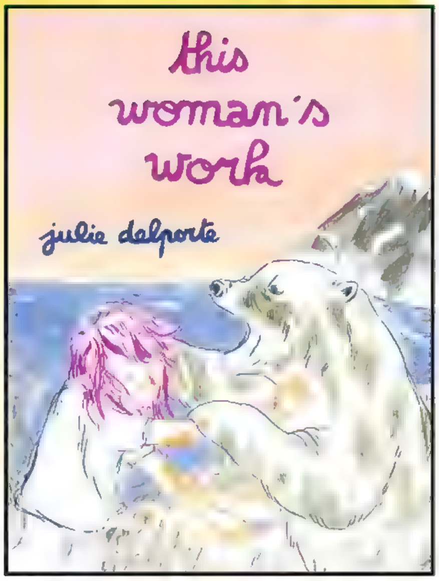
SPOTLIGHT ON



THIS WOMAN'S WORK GN

(W/A/CA) Julie Delporte

This Woman's Work is a powerfully raw autobiographical work that asks vital questions about femininity and the assumptions we make about gender. Julie Delporte examines cultural artifacts and sometimes traumatic memories through the lens of the woman she is today-a feminist who understands the reality of the women around her, how experiencing rape culture and sexual abuse is almost synonymous with being a woman, and the struggle of reconciling one's feminist beliefs with the desire to be loved. WALT AND SKEEZIX

WALT & SKEEZIX VOLUME 7: 1933-1934 HC

(W/A) Frank King (CA) Chris Ware

This new volume of Frank King's landmark series opens amid tough times, as the Depression grinds into its fourth year. Against this setting, a con artist sets up a storefront in town for Continental Corncob, a fictitious company established to dupe would-be investors. Somehow Walt Wallet and the *Gasoline Alley* gang are roped into the scheme, with the promise that they could earn steep returns if they purchase shares in the allegedly thriving company. Edited and designed by Chris Ware and featuring an introduction by comics historian Jeet Heer, this volume also includes never-before-seen photographs and rare archival documents from the private collection of the King family. WALT & SKEEZIX VOLUME 1: 1921-1922 HC

(W/A) Frank King (CA) Chris Ware

Edited and designed by award-winning comics virtuoso Chris Ware, this is the exciting inaugural title in a multi-volume series, reprinting the first two years of *Walt & Skeezix*. One of the pioneering giants of American comic strips, Frank King made his lasting mark by creating this iconic comic, which became one of the most widely syndicated and popular strips in North America until King's death in 1969. WALT & SKEEZIX VOLUME 6: 1931-1932 HC

(W/A) Frank King (CA) Chris Ware

Walt Skeezix

The *Gasoline Alley* gang enters a new decade with this volume: Skeezix moves from childhood to early adolescence and the high spirits of the 1920s give way to the Great Depression of the 1930s. Walt and Phyllis Wallet travel to England, an extended tour that echoes the real life journey taken by cartoonist Frank King and his family in the late 1920s. While his parents are away, Skeezix tries to solve the mystery of an arsonist. Now entering his teens, Skeezix comes to the fore of the strip as an adventurous boy surrounded by a gang of likeminded pals, and Gasoline Alley becomes an influential pillar of teenage-culture. CAVE IN
BRIAN RALPH

CAVE-IN GN

(A/CA) Brian Ralph

A rat darts across the opening pages, into a hole, and down a long tunnel, stopping under a hammock. A mole man stretches and wakes up, leading the rat and the reader deeper into the tunnel. What follows is a series of dreamlike sequences, each stranger than the last. Brian Ralph, author of *Daybreak*, was a founding member of the influential Fort Thunder art collective, which was renowned for the way its members' work intermingled lowbrow and highbrow art forms. In this wordless classic, special emphasis is placed on the power of gesture. *Cave-In* is an all-ages adventure story, jam-packed with monsters, bats, and all manner of unimaginable underground mystery. (STK469795)

DAYBREAK GN

(W/A/CA) Brian Ralph

You wake up in the rubble and see a ragged, desperate one-armed man greeting you. He takes you underground to a safe space, feeds you, offers you a place to sleep, and then announces that he'll take the first watch. It's not long before the peril of the jagged landscape has located you and your newfound protector and is scratching at the door. What transpires is a moment-to-moment struggle for survival — *The Road* meets *Dawn of the Dead*. *Daybreak* is seen through the eyes of a silent observer as he follows his protector and runs from the shadows of the imminent zombie threat. Brian Ralph slowly builds the tension of the zombies on the periphery, letting the threat, rather than the actual carnage, be the driving force. (STK522710)

EVERYWHERE ANTENNAS GN

(W/A/CA) Julie Delporte

Julie Delporte's *Everywhere Antennas* is a deeply affecting, sparely constructed novel, equal parts *Walden* and *The Bell Jar*. In soft, flowing colored pencil, Delporte shows her narrator coming to term with a rare and misunderstood sensitivity to the radiation emitted by the televisions, cell phones, and computers that permeate urban life. *Everywhere Antennas* is the portrait of a woman caught in the margins, struggling to balance the demands of technology and modern life with the need to find meaningful relationships and work. With *Everywhere Antennas*, Julie Delporte proves herself to be a master craftswoman of heartbreakingly personal, beautifully literate graphic fiction. (STK641210)

Sean's there to promote an All-Star Schnauzer Band-organized songwriting contest, which he does enthusiastically, and at the expense of Stroppy's livelihood, home, and face. In hopes for a cash prize, Stroppy submits a work by his friend Clancy The Poet to the contest. (W/A/CA) R. Sikoryak

Cartoonist R. Sikoryak draws upon the power of comics and satire to frame President Trump and his controversial declarations as the words and actions of the most notable villains and antagonists in comic book history. Reimagining the most famous comic covers, Sikoryak transforms Wonder Woman into Nasty Woman; Tubby Tompkins into Trump; Black Panther into the Black Voter; the Fantastic Four into the Hombres Fantasticos and Trump into Magneto fighting the Ex-Men. In perfect Trumpian fashion, *The Unquotable Trump* will be a 48-page treasury annual needlessly oversized and garishly colored. (STL062680)

WORN TUFF ELBOW #2

(W/A/CA) Marc Bell

Marc Bell re-ignites his old favourite *Worn Tuff Elbow* with a new, exciting issue of this one man anthology! Marc continues his world-building trajectory, tying more of his characters together here in his goofball paracosmic world: Shrimpy and Paul and Chia-Man make their triumphant return to the comics page in Tinkle Test, a tale of personal estrangement and All-Star Schnauzer Band bureaucracy. We also get a three page summary of important events in the Bell universe, from *Corn Comics* to *Stroppy* to beyond and a wonderful tale of Monsieur Moustache's involvement with the yellow cylindrical characters known as "Remote Villagers" (established circa 1993). Note to consumers: one need not know exactly what happened in *Worn Tuff Elbow* #1 or other Marc Bell comics as these stories are stand-alones that only tie into the bigger whole! Demon-Hunter or Devil-Slayer?
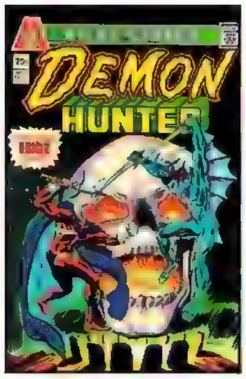
You Make the Call!



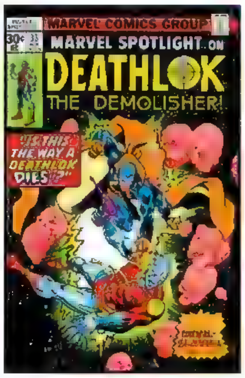
In 1974 Marvel Comics founder Martin Goodman, who had sold Marvel a few years before, started Atlas Comics as an imprint of his Seaboard Periodicals along with his son Charles (also known as Chip). Atlas, of course, had been a name used by Marvel in the period between their earliest days as Timely and the era in which they became Marvel.

With editors Jeff Rovin and Larry Lieber (Stan Lee's brother, Marvel veteran and co-creator of Iron Man), the company brought in established and new talent including Alex Toth, John Severin, Jack Sparling, Frank Thorne, Howard Chaykin, Walter Simonson, Archie Goodwin, Steve Ditko, Wally Wood, Larry Hama, Ernie Colon, David Anthony Kraft, Rich Buckler, and others.Despite the powerful line-up, this incarnation of Atlas was gone a year later.

There are many interesting footnotes and some truly compelling stories in their roster, but the Atlas-Seaboard character with the oddest existence (or most existences) was Demon-Hunter. In its own way, the character lived longer than the whole comics line.

In his Atlas origin story (and only issue), *Demon-Hunter* #1, Gideon Cross had renounced the demon cult which had granted him incredible powers and now stood opposed to them. Their goal was "Xenogenisis," the rebirth of a demon race on earth. Kraft (Comics Interview) wrote it and Buckler plotted and illustrated it.

Meanwhile, over at Marvel, Buckler's "Deathlok The Demolisher" series in *Astonishing Tales* had been canceled mid-story. The story was to be more or less wrapped up in *Marvel Spotlight* #33 (1977), although it would also carry into *Marvel Two-in-One* #27 before fading into the great land of permanently dangling storylines. Again with Kraft writing and Buckler illustrating, Deathlok returned ostensibly for the wrap-up story, but it was as much the origin story for Devil-Slayer.



Devil-Slayer was Eric Simon Payne. He had renounced the demon cult which had granted him incredible powers and now stood opposed to them. Their goal, and stop me if you've heard this before, was "Xenogenisis," the rebirth of a demon race on earth. His costume was blue with an orange cape where Demon-Hunter's was red with a blue cape, but otherwise it's the same guy.

Devil-Slayer went on to pop up in Kraft's *The Defenders* #58-60 (1978) for a three-part story entitled, not surprisingly, "Xenogenisis." He wasn't done there. Well, Devil-Slayer was, as was Eric Simon Payne, but Gideon Cross wasn't.

Cross came back as Bloodwing, in the Buckler-published *Galaxia Magazine* (1981). This one didn't get as far as mentioning Xenogenisis, but there was mention of a demonic "Crimson Brotherhood." The character looked the same as his Marvel incarnation on the color cover (interiors were black and white), but the feel was a little more rough and tumble.

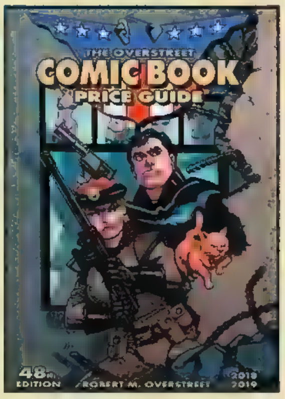
In Other News...



...*American Flagg!* celebrated its 35th anniversary this year. The comic book series, created by Howard Chaykin (who handled both the writing and art for the title) first debuted in October 1983. The story followed the exploits of Reuben Flagg, a former television star who takes on widespread governmental corruption in the future of 2031 – a future in which the United States government has been exiled to Mars and the future of Earth is uncertain.

American Flagg! would go on to run for 50 issues in total and has since been frequently described as an inspiration for contemporary comic creators. Chaykin returned to the character for this year's "Hall of Fame" edition of *The Overstreet Comic Book Price Guide* #48, which sports Flagg on the cover.

(W) Robert M. Overstreet (CA) Sciver, Ethan Van

Leading off the 48th edition of *The Overstreet Comic Book Price Guide*, former DC Comics President and Publisher Paul Levitz highlights the legacy of *Action Comics* #1 on its 80th anniversary. The spotlight also is turned on 50th anniversary of Marvel's fateful 1968 expansion and the 50th anniversary of *Planet of the Apes* and the comics that followed the original feature film. Add in all the updated prices, current market reports, new additions to the Overstreet Hall of Fame and a selection of key character anniversaries and you have a solid reminder of why the Guide has been the Bible of comic book collectors and dealers since 1970! Premiere DC artist Ethan Van Sciver provides the *Flash/Green Lantern* cover, and Ryan Sook provides the *Planet of the Apes* cover. Available in softcover and hardcover editions. (STL074547)

Restoring Carl Barks
Stories for which there are no surviving masters
by
Kim Weston

Original proofs of most stories by Carl Barks are used worldwide in reproducing his work. But for a few stories, there are no existing proofs, and they must be reprinted by making new masters of the work from printed comic books. This book features new restorations for 3 stories by Carl Barks for which there are no known proofs. Barks' only Porky Pig story, "Porky of the Mounties", now has been restored with new black line art plates and completely recolored. Barks' Andy Panda story and the Droopy story "Serum to Nome" have also been restored with new black line art plates, which help the art stand out clearly from the coloring. The coloring on these two stories is not completely new, but has been cleaned up and the color registration has been greatly improved. (STL100730)

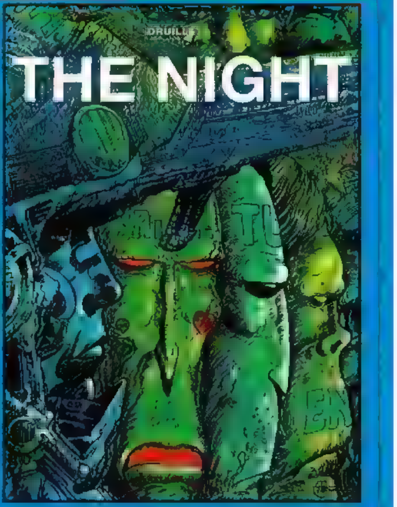
STAFF PICK

THE NIGHT (LA NUIT) HC

Recommended by Leigh Tyberg



I admit it.

I had never read Druillet before.

Don't throw things at me. I'm a 90's kid who grew up on *Hellblazer* and *X-Men*! Nobody ever handed me *Lone Sloane*. The first time I'd ever heard of Druillet was in the pages of Warren Ellis' *Do Anything*. This is definitely new territory for me.

I was excited when Titan announced that they were going to do a re-release of *La Nuit*. It seemed like a good starting point, a stand-alone book that I could chew on and think about.

Boy, can I pick 'em. Talk about jumping off the high dive and into the deep end.

La Nuit is, on the surface, an apocalyptic tale of biker gangs fighting to survive in a world that no longer belongs to them. Their ways are outdated and outlawed, and they struggle to hold their place while "kopts" and "whitefaces" take over the surface world above them. Traditionally enemies, the gangs band together in an attempt at preservation and go on a journey to The Blue Depot to obtain more drugs.

The dialogue is stilted, angry (aside from a rousing rendition of "Brown Sugar" by the Rolling Stones), and endlessly, affectingly repetitive. Every panel, every splash page is at war for your attention; every page wants to be your favorite page.

From go, reading *La Nuit* does feel like you're just not taking enough drugs to truly appreciate it, but Druillet wrote this in response to his wife's passing, and it shows. It is chaotic, to be sure, and weird is putting it lightly, but underneath that, at the heart of it all, this book is about being afraid.

"Till now, I've sh*t on death's jackboots... and now I am afraid..."

Aren't we all.

If you've ever grieved a loved one's passing, this book will resonate with you. The struggle to really accept that the universe makes no sense, and that everything has its time and everything dies bleeds through as you keep reading. It feels like there's a vibrant, rage-filled beating heart beneath each page. As the bikers keep spiraling toward what is surely their demise, that heartbeat seems to get faster, and more urgent and more fearful.

La Nuit is a beautifully rendered reminder that everything ends, and time comes for us all.

Now in paperback. Nights of terror! A city awash in blood! New Orleans right after the First World War. The party returns to the Big Easy but someone looks to spoil it. Grocers are being murdered in the dead of night by someone grabbing their axe and hacking them right in their own cushy beds! The pattern for each murder is the same: a piece of the door is removed for entry, the axe is borrowed on the property, and the assailant aims straight for the head! Why? How could he fit through that piece in the door? The man is never found for sure but speculations abound which Geary presents with his usual gusto! (STL101456)

THE BLACK DAHLIA SC

(W/A) Rick Geary

Now in paperback. On January 15, 1947, a woman was walking with her daughter in a Los Angeles neighborhood. She passed what looked to be a discarded manikin. It turned out to be the body of Elizabeth Short: posed, drained of blood, meticulously scrubbed, and cut in two. Geary reconstitutes and reveals for us the life of this 22 year old woman who had become known as "Black Dahlia" because of her striking appearance. She had moved to LA to make it in show business. How could her life have ended in such a ghastly fashion? Eisner Award winner Geary takes us through all the twists and turns in one of the most captivating unsolved mysteries of the 20th century in this latest installment of his *Treasury of XXth Century Murder*. THE WORLD IS OVER, BUT THE CON HAS JUST BEGUN.

Five years ago, a cataclysmic event obliterated everything within a fifty mile radius of the Los Spinoza Convention Center—right in the middle of Long Con, the world's biggest (and longest) pop culture convention. Underdog reporter Victor Lai barely escaped with his life, but his nerdy friend Dez Delaney—publicist for an indie darling comics publisher—wasn't so lucky.

Now, Victor finds himself with the story of a lifetime—that the con-goers not only survived inside the center's cavernous Cold War-era halls... they kept the convention going.

It doesn't take long for Victor to get trapped inside, find Dez, and run afoul of a totalitarian sci-fi fandom ruled by a mysterious figure known as "the Special Guest." Breaking out is impossible, and resistance is futile—but maybe, just maybe, Dez and Victor can recruit some unexpected allies from the warring factions of fans, pros, and D-list celebrities that still roam the show floor... Collects issues #1-#5 of the Oni Press series *The Long Con.*

LONG ROAD TO LIQUOR CITY

MACON BLAIR (W) **JOE FLOOD** (A/C/CA)

160 Pages, $19.99, RELEASE DATE: 2/20/19, MATURE

From filmmaker Macon Blair (*Blue Ruin, I Don't Feel at Home in This World Anymore*) and artist Joe Flood (*Science Comics*) comes a Great Depression-era adventure comedy about love, friendship, and the pursuit of happiness. As jaunty hobos Jed and Thanny crisscross the country in search of the fabled Liquor City, they are pursued relentlessly by fearsome rail yard sergeant Ronan O'Feathers, who wrongly blames them for his wife's death. With the the law on their tail and a succession of colorful characters along the way, the only constant is the absurdity and mayhem they leave in their wake on the Long Road to Liquor City.

> **"All our train-hopping heroes have in the world is each other, no amount of moonshine or hot dogs can change that, but being road partners is hard stuff and the fun of this book is putting their relationship to the test in increasingly dangerous ways. We always wanted to balance the laughs with heart."**—MACON BLAIR

From the writer/director of acclaimed Netflix original film, *I DON'T FEEL AT HOME IN THIS WORLD ANYMORE*, comes an adventure about two drifters searching for the mythic Liquor City in this stylized setting of 1930s America.

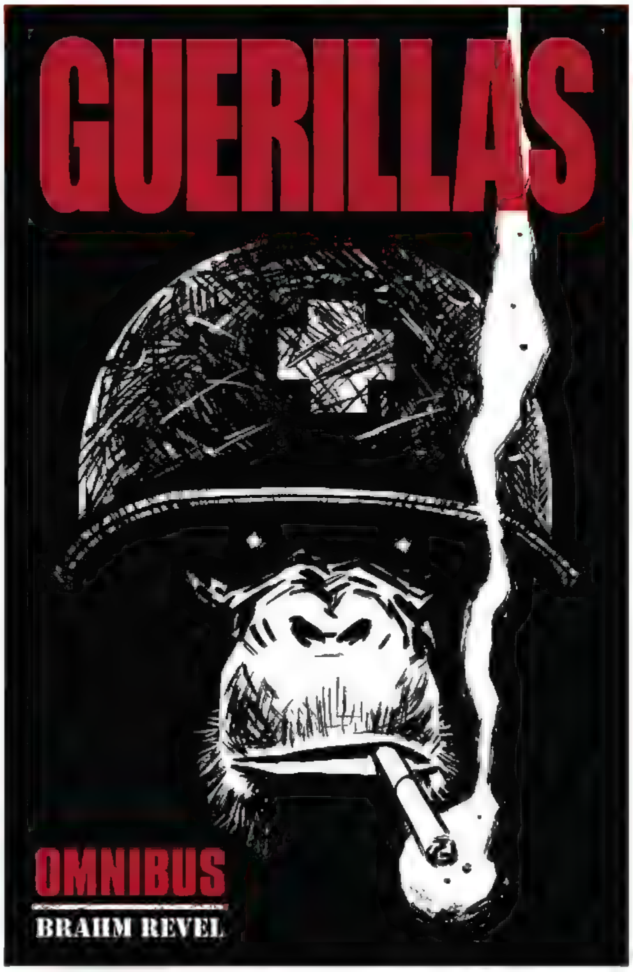
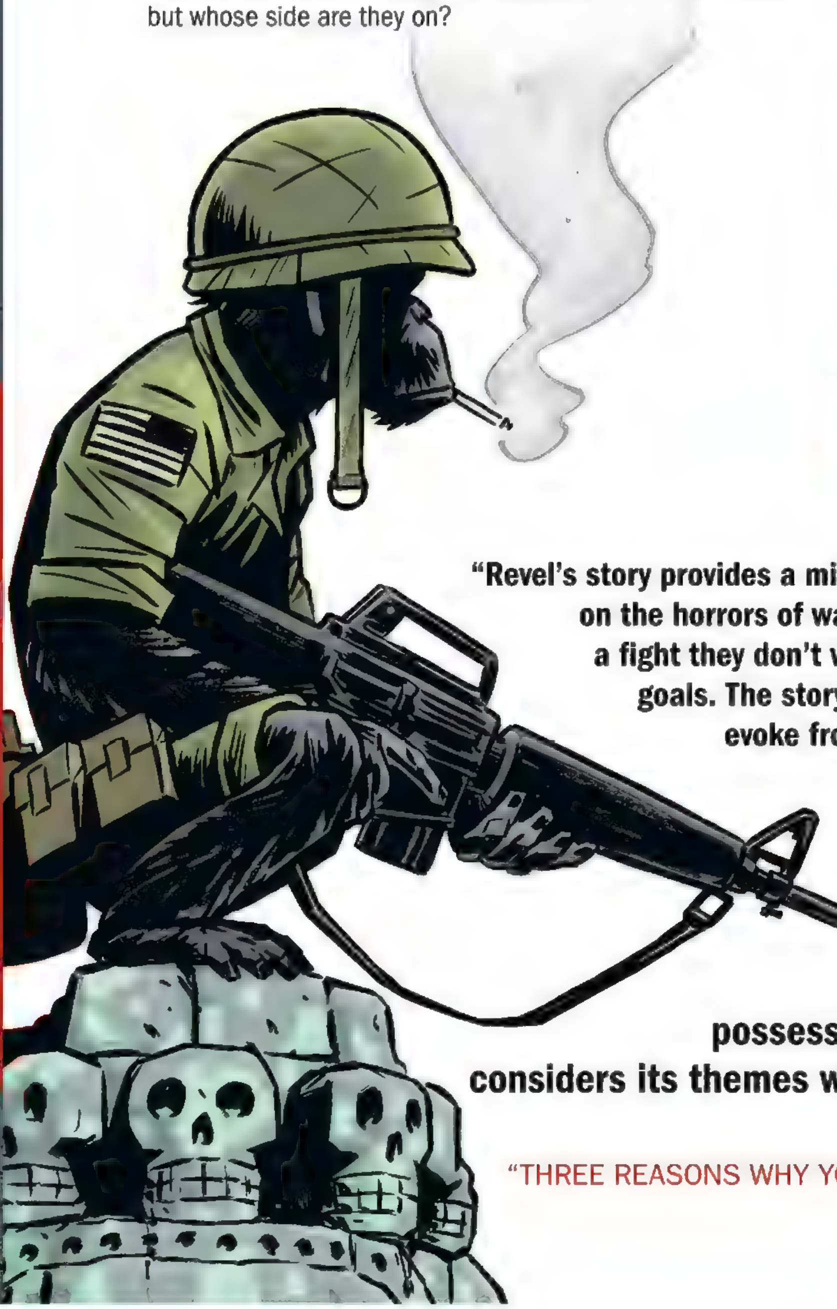
Clayton is just trying to stay alive when he encounters an elite platoon of...simian soldiers?! This squad of chain-smoking chimps is the most dangerous fighting force in the jungle... but whose side are they on?





> **"Revel's story provides a mix of both action movie combat and meditations on the horrors of war and the unfairness of forcing individuals into a fight they don't want to participate in to further someone else's goals. The story succeeds because of the emotion he's able to evoke from the chimpanzees through facial expressions, hand gestures, and grunts alone."**

WARREN TUFTS' COMPLETE LANCE 1955-1960 HC

Recommended by Steven Leaf

LANCE
Classic Comics Press

Once there was a time when you had to lay on the floor on Sunday mornings to read the Sunday funnies because the strips took up a full page of the newspaper.

Warren Tufts, having proven his talents on the *Casey Ruggles* newspaper strip, did one completely the way he wanted to do it, and his western strip *Lance* began in 1955. In Classic Comic Press' *Warren Tufts' Lance* we get the story of Lance St. Lorne, an officer in the U.S. Cavalry at Ft. Leavenworth, Kansas, in the 1840s, helping to make the Western territories safe for American settlers. Lance would fight the Sioux or meet real historical personages like Kit Carson, and Tufts made sure to maintain high-quality stories and art as well as historical accuracy. Starting in the glorious full-page color Sunday format, later a daily strip was added, and occasionally an artist like Alex Toth was brought in to help maintain the deadline on the strips.

This complete collection of dailies and Sundays in a 9" x 12" hardcover edition offers all the Sundays in full color, amazingly restored by Manuel Caldas, and all the daily strips as well. 368 pages of Warren Tufts at his finest. Also included in this volume will be additional articles and interviews on the artist and his work.

All the books produced by Charles Pelto of Classic Comic Press are outstanding collections of classic strips. *Warren Tufts's Complete Lance* is just the most recent must-have book from a publisher who has never disappointed me with their product.

But this time Dredd goes up against an enemy unlike anything else he has encountered before. What can the law do against Death? (STL102179)

WARREN TUFTS' COMPLETE LANCE 1955-1960 HC

Recommended by Steven Leaf

Once there was a time when you had to lay on the floor on Sunday mornings to read the Sunday funnies because the strips took up a full page of the newspaper.

Warren Tufts, having proven his talents on the *Casey Ruggles* newspaper strip, did one completely the way he wanted to do it, and his western strip *Lance* began in 1955. In Classic Comic Press' *Warren Tufts' Lance* we get the story of Lance St. Lorne, an officer in the U.S. cavalry at Ft. Leavenworth, Kansas, in the 1840s, helping to make the Western territories safe for American settlers. Lance would fight the Sioux or meet real historical personages like Kit Carson, and Tufts made sure to maintain high-quality stories and art as well as historical accuracy. Starting in the glorious full page color Sunday format, later a daily strip was added, and occasionally an artist like Alex Toth was brought in to help maintain the deadline on the strips.

This complete collection of dailies and Sundays in a 9" x 12" hardcover edition offers all the Sundays in full color, amazingly restored by Manuel Caldas, and all the daily strips as well. 368 pages of Warren Tufts at his finest. Also included in this volume will be additional articles and interviews on the artist and his work.

All the books produced by Charles Pelto of Classic Comic Press are outstanding collections of classic strips. *Warren Tuft's Complete Lance* is just the most recent must-have book from a publisher who has never disappointed me with their product.

(W) Roy Thomas, Stan Lee (A) Various

This is the big one, True Believers! The mostly true tale of Stan Lee: an unparalleled, Giant-Size extravaganza, eight years in the making, about the one and only Godfather of Comics. Stanley Lieber began working at Timely Comics in 1940 at the age of 17 and found himself at the helm of the bullpen as its editor in chief just two years later. He guided the company through good times and bad until 1961 when he ignited a revolution in comics, helped rebrand the publishing house as Marvel, and revitalized a dying industry with the "Marvel Age of Comics." With a legendary stable of art partners, Lee unleashed a dizzying cascade of seminal comic book creations-the Fantastic Four, Hulk, Spider-Man, Thor, Iron Man, the X-Men, and the Avengers to name a few. Lee's tale is told in this Collector's Edition by his successor at Marvel, renowned comics writer, editor, and historian Roy Thomas, who brings "you are there" insights and wide-eyed clarity to key moments of Lee's journey to pop culture immortality. Featuring hundreds of treasures of comic book art, a novel-length essay by Roy Thomas, a foreword written by Lee himself, and intimate photographs sourced straight from his family archives, this is a titanic tribute worthy of the Man, not only in breadth but also in sheer size. This Collector's Edition of 1,000 numbered copies, each signed by Stan Lee, includes a foreword by Stan Lee, reprints of Stan's greatest hits and coveted rarities, intimate photographs and artifacts from Stan and Joan Lee's personal archives, and comes bound and presented in an archival clamshell box. CREEPY CREATIONS VOLUME 1 HC

Recommended by [illegible]

A contemporary of Basil Wolverton and Ed "Big Daddy" Roth, Ken Reid may not be familiar to many Americans but his bizarre, grotesque, and hilariously perverse drawings are important and influential contributions to both underground and outsider art and many British creators including Neil Gaiman who noted that Ken Reid was, "one of my very favourite UK comics artists, from the day I discovered his strips Queen of the Seas and The Nervs in Smash!, even if I didn't know his name."

Reid deserves greater recognition this side of the Atlantic and this Rebellion collection is a great place to start. His style while often reminiscent and just as humorous as Wolverton, also contains a more dark and unsettling element that recalls the works of Hannes Bok and charcoal drawings of Odilon Redon.

One can't help but look at a one of his "creations" like The Green Groper and see Harvey Weinstein and think to yourself, "The horror, the horror..."

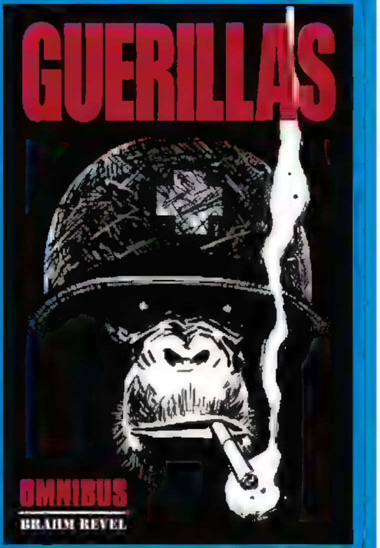
GUERILLAS OMNIBUS EDITION

Recommended by Jim Fallone



It is no secret to my staff that my comic book guilty pleasure is intelligent gorillas. I cut my teeth on the DC Comics of Julie Schwartz where ape-with-brains covers alternated with covers where either Robin or Flash were dead. Whether it was the latest Flash/Grodd matchup or Hawkman fighting hordes of flying gorillas on the cover I rushed to buy them (I am still bitter about buying *Plasticman* No. 1 which, despite featuring a hairy ape tying Plas into knots, featured not a single gorilla story inside.) So, it is no surprise that I was attracted to Brahm Revel's Jane Goodall meets *Platoon* epic *Guerillas*.

From beginning to end this was a fantastic series but with this new Omnibus Edition from Oni you can read it in a single sitting and really let the full weight of the allusions to Conrad's *Heart of Darkness*, and Wells' *Island of Doctor Moreau* wash over you. Revel's bold kinetic black & white lines and crisp writing match perfectly the stories frenetic pace and give the books ever smoking chimps a surprising range of emotions.

Guerillas answers once and for all, "What if, instead of writing *Animal Farm*, George Orwell made the world's greatest Zippo Lighter commercial?"

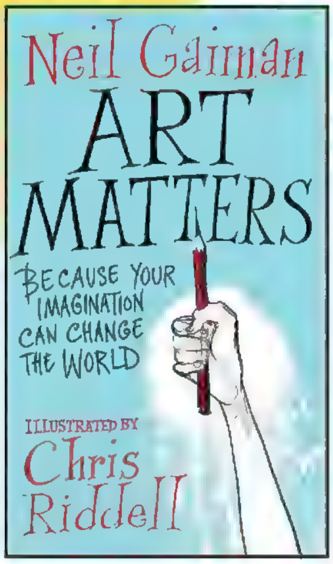
(W) Neil Gaiman (A) Chris Riddell



A stunning and timely creative call-to-arms combining four extraordinary written pieces by Neil Gaiman illustrated with the striking four-color artwork of Chris Riddell. Drawn from Gaiman's trove of published speeches, poems, and creative manifestos, *Art Matters* is an embodiment of this remarkable multi-media artist's vision-an exploration of how reading, imagining, and creating can transform the world and our lives. Art Matters bring together four of Gaiman's most beloved writings on creativity and artistry: "Credo," his remarkably concise and relevant manifesto on free expression; "Make Good Art," his famous 2012 commencement address; "Making a Chair," a poem about the joys of creating something, even when words won't come; and "On Libraries," an impassioned argument for libraries. Featuring original illustrations by Gaiman's longtime illustrator, Chris Riddell, *Art Matters* is a stirring testament to the freedom of ideas that inspires us to make art in the face of adversity, and dares us to choose to be bold. ALTERNATIVE MANGA: INDIE JAPAN

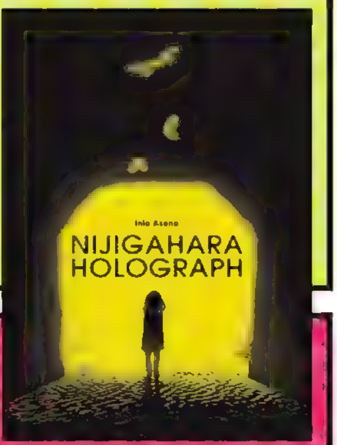
Written by Fantagraphics Editorial Assistant, Conrad Groth

The rise of alternative manga in Japan followed a similar trajectory to alternative comics in the US.



Inio Asano
NIJIGAHARA HOLOGRAPH

In the late 1950s and '60s, manga artists broke away from the assumption that comics were only for children and realized the potential of manga to tell more complex stories.

They created a new aesthetic, *gekiga*, that emphasized adult content and more realistic rendering.

This shift in tone and style allowed for far greater expression in the medium and attracted a new readership of teenagers and adults.

Alternative manga was distributed in Japan through serialized magazines, which opened the floodgates for new genres such as *shojo* for young ladies, *seinen* for young gentlemen, guro for horror-enthusiasts, and LGBTQ+ material for the mainstream.

Every night, 16-year-old Kureha Tsubaki has strange dreams involving lilies, storms, and... being rescued by her classmate Ginko as an alien bear princess?!

At school, Kureha's unassuming personality and looks render her practically invisible. Sometimes, it feels like no one notices her at all, until cute and outgoing transfer student Ginko asks Kureha to be her friend. With Ginko's encouragement and protection, Kureha starts to come out of her shell and realizes that, whether or not her new classmate really is a bear, her feelings toward Ginko might be stronger than friendship after all.

This historic collaboration with legendary creator Shirow Masamune based on the classic manga features four all-new stories by some of the world's most innovative comics writers and artists. A covert mission in Shanghai reunites Kusanagi with a wartime rival amid shifting loyalties. The infiltration of an anti-cyberization cult calls for Section 9's most "human" members to do things the old-fashioned way. A deep dive into the mind of a criminal forces Kusanagi to question the nature of imagination - and her own identity. The stories in Global Neural Network bring a 21st-century perspective to its questions of human identity and the border between mind and machine and unleash top Western comics artists on eye-popping action scenes! TOY TALK: CAESAR

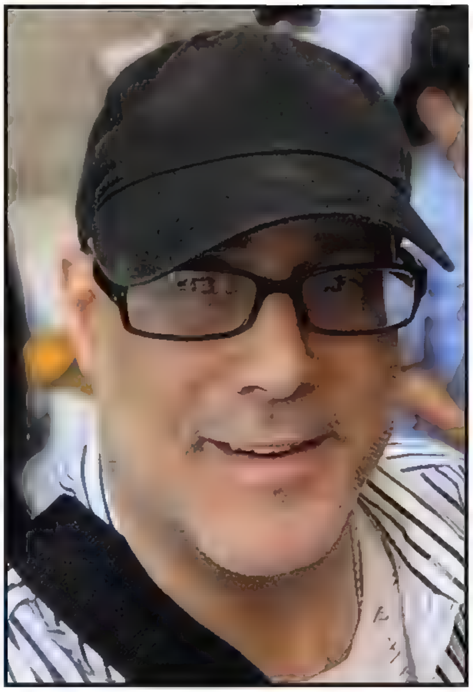
Toys, Statues and other collectibles don't just magically appear on store shelves. A lot of work goes into the concept, design, sculpting and final production of these items, and many of the people who work behind-the-scenes with companies like Diamond Select, DC Collectibles and Gentle Giant, among others, remain mostly unknown to their appreciative audience: the final consumer.

With *Toy Talk*, we hope to introduce you to the artisans behind some of your favorite collectibles, and to let them enjoy their well-deserved moment in the spotlight!

This month, we welcome *DC Collectibles Artist*, CAESAR...

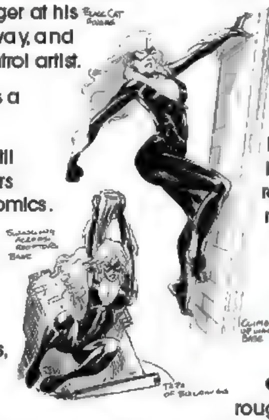


Toy Talk: As a former comic book artist, how did you get involved in the Toy industry?

Casesar: In 1996, I met Digger Mesch, while attending the San Diego Comic-Con. Digger was the lead sculptor and owner of Art Asylum, a New York-based toy production house that specialized in action figures and collectibles. A week or so after the Con, I met up with Digger at his studio and he hired me right away, and just like that I became a 2D control artist.

But what is 2D control art? It was a whole new world for me.

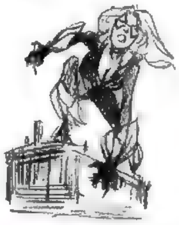
I had only worked in comics until then, getting my start a few years prior on *Vampirella* for Harris Comics. I was, for the most part, an inker for several of the issues of *Vampirella* and, even later when I branched out and started freelancing for Marvel, DC and the other independents, it was just inking work too.



So, when Digger invited me to join his "inmates", I jumped at the chance. It was an opportunity to actually pencil, even if they were just solitary figures. That's what control art was. A front, side and back view of one figure. Highly detailed with all the characters weapons and armor and a breakdown of the articulations where needed.

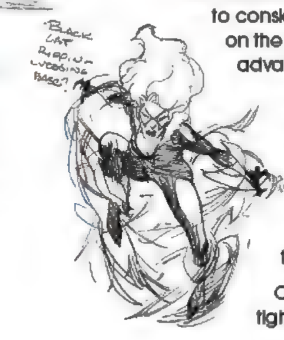
My first job was on a figure for the *Resident Evil* line. Which I ended up redrawing twice just because I felt the first versions' line work wasn't solid enough.

The challenge also was understanding what can be done in 3D as opposed to 2D. The figures had to be balanced well, even in the drawing stage, because if they were not, the problem would carry over into the sculpture. Then I was figuring out the best place for the articulations so the cuts wouldn't be so obvious. The learning curve took a bit to master for sure, but each job got a little easier and my drawing improved substantially.



Since then, I've designed dozens of figures for various toy lines and as of the last few years moved on to designing many of the Gallery collectibles for Diamond Select Toys.

TT:* *How does your experience as a comic book artist translate into designing toys?



Black Cat Ripping webbing Base?

Caesar: Well, first off, after my experience on *Vampirella*, I became highly sought-out for my illustrations of the various comic book heroines... so I got a lot of practice illustrating women throughout the years and have gotten pretty good at it! Usually that works in my favor in the work I receive. Most of the time I get to design the female figures, which is pretty cool!

And the most important fact? I'm a comic book nerd, too! I love reading them and will stare at the artwork for hours. Because of my obsession, I have learned various artists' styles, which makes me versatile enough to capture a particular version of a character that needs to be done.

From a classic Kirby to a modern Jim Lee style, I can do it all. Whatever the job requires, the comic book artistry comes in real handy. But in all honesty, most artists I know can too. You have to, if you expect to stay current and find work.

TT:* *How many thumbnails do you do before you submit your final design? which piece had the most?

Caesar: Usually between 3 and 6 small roughs are done at first Then after that, a tighter version is done. And usually at this point, the base is worked as well. When I get approval, I'll produce one more to finalize the linework and details.

Thinking back, the one design that took the most to nail down was a Daredevil from a few years ago. It was a Gallery PVC piece that we couldn't get right at all! Eventually, we just scrapped the original design and started from scratch. *Voila!* Problem solved! It became an amazing piece at the end of it all, sculpted by Ramirez Studios, with a fully poseable billy club wire.

TT:* *You've done several of DST's DC Gallery designs as well, including last month's Metal Wonder Woman. Do you have a favorite DC design you've worked on?

Caesar: Hmmn... *The Batman Who Laughs.* I was very proud of that one! The sculpture was amazing too; Alterton did a great job in taking the design to the next level!

Batman is my all-time favorite character to illustrate and getting to bring him to life, in this twisted version no less, was a great experience!

TT:* *What are some challenges you face during the design process for gallery pieces?

Caesar: Well, like I said before, originality... and then to make sure that it works in 3D. I have to consider the production too, working on the Gallery PVCs will have different advantages to working on the Premier resin versions, and vice versa. It's a simple case of getting into the mindset of what the director wants and putting it on paper. Sometimes you lock it in right away and sometimes it takes a few rough designs to put it together.

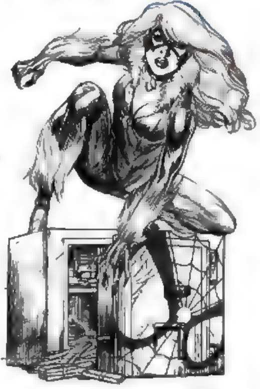
Once that's done it's about doing the tightest version of the design you can. Recently I've switched to digital, so I can get better detail and textures. Each job provides different challenges and you learn and adapt. Practice, practice all the time.

TT:* *What are some of your inspirations?

Caesar: Oh man! So many to think of... To start, the best artist in the entire comic book industry to me is Jose Luis Garcia-Lopez. There is no better draftsman out there. Let me be clear about this: it's not about style or how pretty your illustrations look, it's about layout, composition, knowledge of anatomy and most importantly, storytelling. Jose has all those in spades! Definitely someone to look up too for sure. But then of course Jack Kirby, Steve Ditko, John Romita, Gene Colan, Frank Miller, John Byrne, George Perez, Michael Golden, Art Adams, Adam Hughes, Alex Ross. Well, the list goes on and on.

Just put me down for everyone out there that's putting it down with pencil, ink or paint. So much skill and talent and in my small way I'm glad to be a part of it!

TT:* *What is your favorite part of the design process?



The roughs. I have a lot of fun doing the roughs, trying new things, seeing how far I can take the piece. It's where I can show movement in the figure, how the cape flows, the hair, the subtle twist of the body. Once it's at its final stage, it's about detail then and making sure the line work is clear and understandable. That's fun for me too, but the roughs are still my favorite.

HARRY POTTER: HAGRID AND FLUFFY PREMIUM STATUE

Hagrid, the half-giant, has a predilection for pets that many might consider dangerous and Fluffy, a fearsome 3-headed dog, is one such hound! In the film adaptation of *Harry Potter & The Sorcerer's Stone*, we learn that Hagrid buys Fluffy "from an Irish fella" in the Leaky Cauldron. The statue captures Fluffy in his much smaller puppy state, before he matured to his enormous adult size. Hagrid is holding his lantern aloft to guide the way back to Hogwarts in the dark of night. Fluffy is portrayed sitting at his master's feet, each of his three heads conveying a different expression, no doubt eager to curl up in front of a roaring fire, or perhaps listen to some soothing music. We understand he's partial to the harp. Hagrid stands 10" tall and is standing on a flagstone effect base. His lantern is powered by 2x LR44 batteries, not included. In the *Game of Thrones*, you either drink to victory or you don't live long enough to pour. These officially licensed tankards are cast in the highest quality resin before being painstakingly hand-painted. The *"Iron Throne"* tankard, whose handle is a sword being slid out of its sheath, depicts a fantastically detailed raised picture of the Iron Throne on each side, with the *Game of Thrones* logo in the center, separated from each other and the handle by unsheathed swords pointing downwards, each with a different house sigil above it. The *"Seven Kingdoms"* tankard bears a beautifully detailed map of Westeros and Essos, a red band circling the middle covered in subtle filigree patterns. The band bears the name *Game of Thrones* in the middle of a golden ring at the sides, reminiscent of the clockwork mechanisms in the opening sequence of the show. Two narrower bands of red filigree circle the tankard, above the bronze-colored base and below the steel rim. Each tankard features a removable stainless-steel insert for ease of cleaning.
